

Alexandria Gazette.

TUESDAY EVENING, OCT. 27, 1896.

LOCAL MATTERS.

WEATHER PROBABILITIES.—For this evening, tonight with increasing clouds; Wednesday, easterly to southerly winds; and on Thursday, portions to-night.

DEMOCRATIC MEETING.—Mr. J. F. Rogers, democratic nominee for Congress from this district, will address the people of Alexandria to-night at the Free House. The meeting will be held under the auspices of the Bryan, Russell and Rixey Club. Messrs. Howard, Highway and R. L. Gordon will also speak. A large audience is expected to be present.

ACCIDENTER WHIPPED.—Considerable excitement was caused in the neighborhood of the station house last night by the yells of a colored boy named Bryant who was about to be whipped by his mother, a colored woman named Lizzy Davis. The boy, who appeared to be 15 or 16 years old, was the son of his own color, both of whom were from the streets and alley ways. They were stopped in front of a King street grocery yesterday evening and were themselves by scattering cranberries about the pavement. After entering the grocery for a time they were told to go home. When Chief Webster saw them they ran and yelled defiance at him. Bryant was arrested and last night the Mayor fined him \$5 with the understanding that he would not correct him the fine and be remitted. She willingly accepted the whip, but when she was told to whip him, she struck the cell with the rawhide nearly every inch of the boy's back. The mother yelled all the same, pretending to be killed, and kept it up until a woman was told to desist and stop the excitement. The mother presently was ready to faint. About the only thing accomplished was the driving of some dust from the other people's clothes.

CRIMINAL COURT.—The following cases were disposed of last night:—
—A. H. Rogers, charged with disorderly conduct in the yard of the Southern Railway, was fined \$1 each.
—Wm. Rogers, charged with assaulting George W. Dodson, was fined \$7.
—A white woman, charged with opening her saloon open on Sundays and selling whisky on a beer license, was dismissed for want of evidence.

John Bryant, a colored boy, charged with disorderly conduct and with damaging goods belonging to a King street grocer, was fined \$5. His mother subsequently appeared and whipped him and the fine was remitted.

The following cases were disposed of this morning:—
—James Wilson, George Collins and Dennis O'Donnell, three cripples, arrested by Special Officer Loving for trespassing upon cars of the Southern Railway, were fined \$5 or given 5 days in jail.

Edward Bell, a boy, charged with disorderly conduct in the Southern Railway yard, was fined \$1.

NIGHT REPORT.—Last night was cloudy and cool. Three prisoners and four lodgers were at the station house.

A resident of Cameron street, charged by a neighbor with disorderly conduct, was fined \$2.

Two young men from Washington, arrested by Officer Deane for offering to sell pictures without a license, were dismissed, it appearing that they were unaware of the fact that they were breaking a law and upon guaranteeing to go back to Washington on once.

THE CHARGE DISMISSED.—Yesterday morning, during the examination of a case concerning the selling of liquor on Sunday, a young man who was present intimated that he could give some damaging evidence against a woman who conducts a saloon on South Pitt street. He was told to make his charge, which was to the effect that he had drank liquor in the saloon on Sunday week. He named seven or eight others who, he claimed, could corroborate his statement. The proprietress was summoned to appear at the station house last night as were also the witnesses. When the case was called not one of the witnesses substantiated the charge of the complainant, and the accused was dismissed. The saloon has only a license to sell malt liquors, and had it been proven that spirituous compounds had been sold a fine of from \$50 up could have been assessed. It was said after the trial was over that the young man who had made the charge had sent to the proprietress of the saloon during the afternoon for money in order that he could "skip" the city, but the accused, seeing it was attempted at black-mail, refused to comply.

FINDS FOR ASSAULT.—Mr. William Rogers was in the Police Court last night charged with assaulting and beating Mr. George W. Dodson. The trouble grew out of a business transaction in which the assailant claimed Dodson had acted in bad faith. The two men met yesterday at Aitchison & Bove's planing mill when, according to Mr. Rogers's statement, some words precipitated the assault. Mr. Dodson averred that his assailant made the attack before anything had been uttered by either. Dodson's right eye was almost closed by a blow he received. The accused was fined \$10. The latter immediately swore out a warrant against Mr. Dodson for obtaining goods under false pretenses.

FINE OF ONE DOLLAR EACH.—Complaint has frequently been made of a crowd of boys of all ages who invade the Southern Railway yards and act disorderly by running hand cars on and down the tracks and occasionally opening the brakes of freight cars, thus allowing them to run from sidings on to the main track. Several have been arrested lately but they were dismissed with reprimands. Six were captured yesterday and last night the Mayor imposed a fine of \$1 on each. Another boy was arrested this morning and a similar fine was assessed against him.

GILBERT WALDEN, who will appear at St. Paul's church lecture room Thursday night in a number of his famous dialect readings and recitals, under the auspices of St. Luke Circle, Kings Daughters, is a native of Fauquier county. He is a natural orator, with a powerful and musical voice, and holds his audiences throughout his recitals. His entertainment is unique and highly interesting. An elocutionist of rare power and a master of Southern dialect.

DECLINES THE OFFER.—In reply to a note from Mr. S. G. Brent, legal representative of the gold democrats in this city, proffering his aid to Mr. Leonard Marbury, Commonwealth Attorney, in attempts to bring to justice parties guilty of illegal registering and voting in this city, Mr. Marbury has responded. In his reply this gentleman says it has come to his knowledge that several hundred persons have been illegally registered in Alexandria, and that it is his purpose to prosecute not only those guilty of the offense, but also those who secured their attendance for the purpose. Mr. Marbury expresses his thanks to Mr. Brent for offering to vie with him in the work, but declines the proffer as follows: "The evidence thus far shown me, without doubt, indicates that a large percentage of this illegally registered vote will, unless counteracted, be cast for the republican party, and that a seeming, if not an open, coalition has been made with said republican party and the one you represent, for which reasons I prefer to handle those cases alone, in my official capacity."

PERSONAL.—Mr. and Mrs. R. W. Avery have given up their house, No. 1830 S street northwest, Washington, and are located at the Baucroft, corner 18th and H street, northwest, for the winter.

Mrs. Lucretia Wooden, of Price William county, is visiting her daughter, Mrs. J. Sidney Douglas, on Cameron street.

Mr. F. E. Anderson, of this city, made a speech at a democratic meeting at Warrenton yesterday, which was highly complimented. Mr. Anderson has received a telegram from Delaware requesting him to come to that State and assist the democrats during the remainder of the canvass.

Miss Caroline Virginia Grigg, daughter of Capt. John M. Grigg, and Mr. Thomas Hallett Briggs, of Brooklyn, were married to-day at the residence of the bride's parents on South Pitt street.

THE SEWERS.—Messrs. D. J. Howell & Co., the contractors for the Pitt and King streets sewers, have finished their contract with the exception of a few days work in cleaning out the sewer which is now in progress. In view of the city having still to set some curbing at the catch basins and to pave the gutters running across the north and south streets on King and the consequent interference, more or less, between this work and the paving yet to be done by the contractors, an arrangement has been made between the city and the contractors by which the city will complete the paving yet to be done by the contractors and deduct the cost of the same from the contract.

DID NOT APPEAR.—John Nelson, who is out on bail for his appearance at this term of the County Court on the charge of the murder of a colored deputy named Hines at Jackson City last night did not appear this morning, for which time his trial was fixed, and a capias for his arrest was issued, his bond being declared forfeited. The capias was placed in the hands of Sheriff Palmer. Nelson has not been seen in the county since he was recently released by Justice Lane, colored. The amount of Nelson's bond is \$1,000 and his bondsmen are Messrs. J. H. Greene and Granville Kelly.

CRIPPLED TRAM.—Three tramps—two having but one leg each and the other also a cripple from an injured hip—were arrested last night by Special Officer Loving for trespassing upon cars of the Southern Railway Company. Under the old regime they could have started out of the city, but the last Legislature passed a law forbidding such a procedure. They were fined \$5 or given five days in jail when placed on trial this morning, the object being to board them as brief a period as possible. The two said they were on their way to South Carolina.

REGISTRATION CASE.—On Saturday John R. Sanford was registered in the Second ward. Mr. J. L. Crupper, chairman of the republican committee, contested the right of Mr. Sanford to register on the ground that he had not gotten a transfer from Westernland county. Mr. Sanford stated that a new registration had been held in that county since he left and that his name was not now upon the books there and upon this statement Registrar Schwab registered him. Mr. Crupper has taken an appeal from the registrar's decision to the Corporation Court.

THE "JUNIORS."—Belle Haven Council, Junior Order of United American Mechanics, held an interesting meeting last night. One candidate was initiated and one application paper was read. Representative to the State council, Nelson Cradlin, made his report, which was unanimously received. The report shows that there are over 5,000 members of the order in the State. Interesting speeches were made during the evening by National Representative O. B. Hopkins and Representative Burns.

MESSRS. MILLER & CO.—Messrs. E. J. Miller & Co., whose store was recently damaged by fire, have had their building repaired and handsomely improved and are again occupying their old stand. They have an immense stock of china and glass ware of the latest designs and their show room now compares favorably with any in the large cities, and is a credit to the city.

PROPERTY SALES.—Mr. Arthur J. Dixon et al. have sold to Mr. Jacob Brill the property at the southwest corner of King street and the Strand for \$4,250.

Jane T. Harris has sold to Margaret Bell a lot on the north side of Oronoco street, between Pitt and St. Asaph.

RELEASED.—Charles Curtis, who accidentally shot and killed J. B. Griffin, at Rosslyn, on Sunday, and who was sent to jail in this city by Justice Burch of the county, was released to-day. James Rollins and George Berry, who were held as witnesses, were also released this morning.

COUNTY COURT.—Judge D. M. Chester presiding.—Com. vs. John Nelson, indicted for murder; accused, who was under bond, failed to appear and a capias was issued for his arrest.
